

**TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE**

FISCAL NOTE

HB 2087

March 9, 2009

SUMMARY OF BILL: Increases the period of denial for a driver's license or instructional permit due to withdrawal from secondary school from 18 to 21 years of age with certain exceptions.

ESTIMATED FISCAL IMPACT:

**State Revenue – Net Impact – Not Significant
Increase State Expenditures - \$10,500/One-Time**

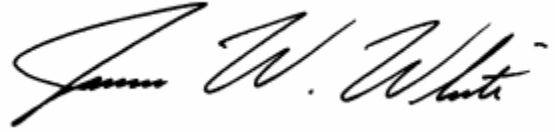

Other Fiscal Impact – A delay in the receipt of driver's license and instructional permit fees for a period up to three years.

Assumptions:

- According to the Department of Education, this bill should have no fiscal impact upon the Department or any local education agency (LEA).
- According to the Department of Safety (DOS), there could be fewer applicants for driver's licenses and instructional permits each year for individuals between the ages of 18 and 21.
- One-hundred percent of these individuals obtain driver's licenses after turning 21 years of age. As a result, there will be a delay in the receipt of driver's license fees for up to three years.
- DOS would require modifications to three computer programs as a result of this bill. The one-time increase to state expenditures is estimated to be \$10,500.
